2. You may drive in to load and unload program supplies, equipment, and food. After you unload you must return your car to the main parking lot.
3. Vehicles transporting handicapped persons may pass through the gate and park where needed as long as they are not blocking pedestrian paths and fire lanes.
4. Vehicles of any Camp McCumber Board member or employees hauling equipment or performing work may enter the camp.
5. Commercial delivery vehicles or vehicles of repair or service persons may enter.
6. The Director and Health Supervisor may bring their vehicles into camp in case of an emergency (do not block fire lanes).
7. You may park vehicles used for towing in the RV area.
8. Special situations should be discussed with the Camp Manager. If you need transportation to get around Camp, arrangements can be mutually agreed upon.
9. Under no circumstances will any vehicles be permitted on the ball field, not even to load or unload equipment.

These rules are necessary for the following reasons:

1. The Fire Marshal requires that the majority of vehicles remain in the parking area.
2. Vehicle traffic is damaging the tree roots and causing some trees to die.
3. Dust from the vehicle traffic is a serious problem and dust is regulated by the Health Department.
4. Vehicles in the Camp area create a safety hazard for pedestrians.

RECREATIONAL VEHICLE PARKING

The Camp has six (6) **RV** parking spaces with water and electrical hookups (4 with sewer) that are available for use by your group. Two (2) RV spaces are reserved for use by the Camp Host(s). RV's should enter the Camp at the first gate (service entrance) near the Resident Manager's home. You must notify the camp Manager in advance if you are planning on using the RV sites.
